Form No.: APP-FPSP-SC-FD		
Effective Date: 12 February 2018		
Rev no: 0		

Sheet SC5

**Information Sheet
for completion of the
Initial Professional Development Report (Form SC5)**

This form **must** be completed by all persons applying for registration as a Specified Category Practitioner.

1. The Initial Professional Development (IPD) Report is a factual record that serves as evidence of proficiency development from academic base through CPD-type activities of Category 1 and other formal learning activities prior to registration, including in-house training. Reported activities do not require Continuing Professional Development (CPD) validation.
2. Initial Professional Development (IPD) is defined as the ongoing studies and development of engineering knowledge required to keep abreast of new technologies. The Registration Committee aims to gauge to what extent applicants kept abreast with engineering and technical developments in their fields of expertise subsequent to obtaining their qualifications.
3. List other engineering courses, seminars, conferences, symposia, workshops, etc. that were attended. Please provide dates [year] attended and duration of the course in days or hours. Please indicate whether the applicant were required to sit a written examination at the conclusion of other engineering courses. Also provide detail of papers delivered at engineering seminars, conferences, symposia, workshops, overseas study tours, etc.
4. It is not required that copies of certificates relating to relatively minor seminars or courses form part of the application.
